

Dear Valued Customers

Notice for model change in Laser Holders (LAH-3)

Thank you very much for your continued patronage.

Please be advised that model of Laser Holder (LAH-3) will change to New Model of Laser Holder (LAH-4), along with the changes of Mirror Holder (MHB) to (MHL). Accordingly we are terminating the production and sales of Laser Holder (LAH-3).

Though this model change causes slight difference of figure, Optical Axis Height and Location of Mounting Screw do not change.

Outer Dimension is almost same as old size, therefore you can replace the holders without any changes.

Please refer to our web catalog for detailed specifications of new model, LAH-4.

.For part numbers of successor items, please refer to the following list.

We appreciate your kind understanding and constant support.

Discontinued item (Old Part Number)	Replaced item (New Part number)	Compatible Laser Diameter [mm]	Note
LAH-3TS-32	LAH-4TS-32 MHL-50BP※	φ31.8	
LAH-3TS-35	LAH-4TS-35 MHL-50BP※	φ35.1	
LAH-3TS-45	LAH-4TS-45 MHL-50BP※	φ44.5	
LAH-3TM-32	LAH-4TS-32 MHL-50BP※	φ31.8	Replacing screws to Micrometer is custom made.
LAH-3TM-35	LAH-4TS-35 MHL-50BP※	φ35.1	Replacing screws to Micrometer is custom made.
LAH-3TM-45	LAH-4TS-45 MHL-50BP※	φ44.5	Replacing screws to Micrometer is custom made.

※MHL-BP is base plate for MHL/KLH series. Rod (RO-20-60) is not attached to the base plate. If Rod Stand is used with, you can directly attach Rod (separately sold) to LAH-4 series Laser Holders without using base plate.

Sincerely,
