

December, 2019

Dear Customers,

SIGMAKOKI CO., LTD.
Sales Department

Notice of specification change of Dry Cabinet®

Thank you very much for your constant patronage.

Please be announced that **Dry Cabinet® (TDC-157/TDC-297/TDC-507)** will be discontinued and successor products will be released (**TDC-159/TDC-299/TDC-509**).

The sales of discontinued products will be end in the January 2020.

Please note that it is possible that if the discontinued products is out of stock, we will proceed with the order or quotation request by successor product not by discontinued one even before January 2020.

Since the specification is updated, the display digit of digital hygrometer can displayed up to 0.1%.

Furthermore, regarding the TDC-DD series, the control method of humidity is changed to digital controller from dial type automatic dry unit. (TDC-PDX' series are remain dial automatic adjustment method.)

Other basic specifications are as same as before besides the price.

The price of PH series is same as before.

Should you have any consultation for substitute product or any other concerns, please contact our sales department.

Please do not hesitate to contact us if you have any questions.

Thank you for your continued support.

Sincerely,

Dry Cabinet® Catalog Code:W3162
